

BORDEAUX INTERNATIONAL SCHOOL
NEWSLETTER / BULLETIN D'INFORMATION - N° 5 - JAN 2010
2nd Term 2009 – 2010

Everyone in the Bordeaux International School team joins me in **wishing you our best wishes for peace, happiness and success in 2010.**

We should like especially to thank the parents and the PTA for the wonderful sweetmeats offered to the whole staff at the end of last month and which we are still enjoying.

PROFESSIONAL DEVELOPMENT DAY MONDAY, 4th JANUARY

The teachers of both sections of the school were able to work together to improve:

- the “verticalisation” of the teaching programmes right through from the Kindergarden to Secondary level;
- the coherence and complementarity of the “horizontals” within each subject.

This work is part of a continuous process which will allow us to furnish a precise, accurate and overall image of the teaching and learning activities within the school. We are planning to publish the majority of these documents on the school web site as soon as they are finished. If you should wish to consult them now, do not hesitate to ask me.

PHILOSOPHY AND OBJECTIFS OF BIS

The whole of the document presenting the school project is now published on the Home page of the school web site. We would like to invite you to read it carefully and to give us your comments.

SCHOOL CALENDAR : presenting the main dates is also on the school web site and is available at all times.

PARENT TEACHER ASSOCIATION (PTA)

The next meeting will take place on Monday 11th January at 16.15. Please come in numbers to contribute to the school’s life, to meet other parents, to propose projects, to bring us your views, to speak about the Christmas show; the projects of 2010 (Readathon/Reading Day; Field trips; etc.)
