

**BORDEAUX INTERNATIONAL SCHOOL**  
**NEWSLETTER / BULLETIN D'INFORMATION - N° 10 - MAY 2010**  
**3rd Term 2009 – 2010**

**ACCREDITATION** : our « Accreditation Visit » went very well. Our « Visitors » found that the folders describing and assessing our practices were faithful / corresponded to the reality of the school and that our practices were good. They based their conclusions on the many discussions they had with students throughout the school, with all the staff, and on class observations. They commended the obvious mutual respect among students and staff. Our “visitors” will finalise their reports within two weeks. Then CIS will analyse it and their decision will not be available before a minimum delay of eight weeks.

**MATERNELLE/EARLY LEARNING** : Nanou’s knee is getting better slowly but surely. She is longing to come back (maybe on the 17<sup>th</sup>). She came – on her crutches - to see the children on Monday 3<sup>rd</sup> and explained them what happened to her knee, using references to anatomy. They were reassured to see her “en forme” and being herself. Nanou remains in constant contact with her colleagues and the school.

**PTA : NEXT MEETING ON MONDAY 17TH MAY AT 16.15** : agenda : Accreditation Visit ; role of parents rep. ; info on Maternelle ; Readathon ; school fête (8 June at BIS) ; last accounts on ski trip.
